Site Waste Management Policy

Mamo Building Services Ltd is committed to the protection of the environment through the implementation of an effective waste management programme that meets or exceeds all legislative and regulatory requirements placed on it.

Mamo Building Services Ltd observes its obligations to comply with the Environmental Protection Act 1990 Section 34 Waste Management Duty of Care. It is imposed through our Senior Management and driven through to project level by the Managing Director and Health & Safety Manager. We are a Registered Carrier of Waste, registration number ROC UT 6376.

In observing our Duty of Care, we have the following procedures must be adhered to: -

You must:

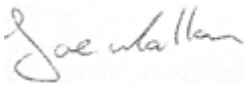

- Identify and describe the waste correctly
- Keep waste safely
- Transfer all waste back to our yard daily and complete the waste transfer paperwork
- Segregate all waste into the appropriate skips including items for recycling and where possible recycle
- Arrange with waste management company to collect waste and receive waste transfer paperwork.
- Paperwork is kept for 3 years

We have a holding station of skips at our premises. All materials are categorised e.g. Inert, Metal, Mixed, Gypsum, Wood and Hazardous. You must ensure that the waste is put into the appropriate skip.

Do Not:

- Burn Waste on Site
- Over fill waste containers and skips.
- Mix different types of waste.
- Put hazardous, liquid or flammable wastes into mixed waste skips.
- Drop Litter on Site
